

- Due to limited knowledge and resources the decision was made to review and/or exclude an automatic deletion key.
- After careful deliberation a deletion query was added to remove outdated trips.
- Navigation instructions were added for users that are not familiar with Access.

Human Resource Information

Project of:

Miss Tameka Huger
and
Miss Amanda Ringer

At the Request of:

Newberry ARP Church
1701 Main Street
Newberry, SC 29108
(803) 276-1485

Under the Supervision of:

Mr. Fred Worthy
Professor of Computer Science
Charleston Southern University
(843) 863-8079

Special Thanks to:

Mr. Larry D. Smith

PURPOSE

This database is intended to keep records of the current mission trip opportunities available to the church. The database will allow users to search for trips according to the location and cost. It will also record the age range for which this trip is the most appropriate, and a short summary description of the trip. This database will house contact information for each individual trip. The organization through which the trip is being made, the appropriate contact person, and a phone number will also be made available. A search may also be done by organizations. For instance, if an individual would like to go on a trip sponsored by a specific organization, a search may be done by organization.

BACKGROUND

Currently there is not a centralized database containing updated information on upcoming missionary opportunities. Due to this there is no way for interested individuals to inquire about any information regarding any mission opportunity. In the past the individuals would have to contact other individuals to research information or go online to find information themselves.

The church has become increasingly mission minded over the past year. The church formed its missionary committee in January 2002. This problem was initially discussed with Elder Ringer of Newberry ARP church.

System Analysis and Design

1. A need exists for a missions database for the missionary head to store, collect, and update opportunities.	3 months	Medium	Unknown.	1	New Development
2. There is currently no way to verify when a trip's starting date has past.	3 months	Low	Unknown	4	New Development
3. No in-house database containing information on upcoming missionary opportunities	3 months	Low	Unknown	2	New Development
4. There is currently no way to search for missionary information by location, cost, and/or organization.	3 months	Low	Unknown	3	New Development

PROJECT FEASIBILITY REPORT MISSION DATABASE

FEASIBILITY OF A CENTRALIZED MISSIONARY OPPORTUNITY INFORMATION (MOI) DATABASE

SUMMARY

This database is intended to keep records of the current mission trip opportunities available to the church. The database will allow users to search for trips according to the location and cost. It will also record the age range for which this trip is the most appropriate, and a short summary description of the trip. This database will house contact information for each individual trip. The organization through which the trip is being made, the appropriate contact person and that phone number will also be made available. A search may also be done by organizations. For instance, if an individual would like to go on a trip sponsored by a specific organization, a search may be done by organization.

BACKGROUND

Currently there is not a centralized database containing updated information on upcoming missionary opportunities. Due to this there is no way for interested individuals to inquire about any information regarding any mission opportunity. In the past the individuals would have to contact other individuals to research information or go online to find information themselves.

The church has become increasingly mission minded over the past year. The church formed its missionary committee in January 2002. This problem was initially discussed with Elder Ringer of Newberry ARP church. This report was drafted as a result of the meeting. Meetings with other users involved with the project are scheduled for later dates.

TIMELINESS

There is strong evidence of a demand for the centralization of a missionary database.

SCOPE OF THE STANDARDS

Must allow authorized users easy access to missionary opportunity information.

Reduce and/or eliminate outside time researching MOI in the form of calls and contacting random individuals.

Increase availability of MOI to the congregation of the church.

Establish a computerized database system.

Create the ability to search MOI by organization, cost, and/or location.

SYSTEM DESIGN

The design of the missionary opportunity information database should consider the following:

- PC currently in use by the church

- Access 97 used by the church

- Authorized users

INVOLVEMENT

Discussion should involve as many if not all functions/users of the proposed system including:

- Pastor

- Elders

- Chairman of the Mission Committee

- Chairman of the World Mission for Women of the Church

- Chairman of the Evangelism Committee

SUPPORT

Amanda Ringer and Tameka Huger will provide most of the support for this project. Limited support from users may be expected.

IMPLEMENTATION

Implementation of the missionary opportunity information database should be attempted as soon as possible.

Entity/Definition Matrix

ENTITY	BUSINESS DEFINITION
Trip	A missionary opportunity that is currently available.
Organization	An organization that is sponsoring a missionary opportunity.
Contact	A person at the organization to whom all questions and information about a given trip may be directed.

STATEMENT OF WORK

PERIOD OF PERFORMANCE: 3 months

CUSTOMER: Newberry ARP Church

PROJECT NAME: Missions Opportunity Information (MOI) Database

I. Purpose: To create a centralized database to hold all mission opportunity information

II. Background:

A. Problem, Opportunity, or Directive Statement

There is no centralized database. This causes each interested individual to have to do his/her own research. This leads to repetition and lost time.

B. History Leading to the Project Request

Until now, there have been very few individuals interested in pursuing any form of mission opportunities. Over the past year, however, the Newberry ARP Church has become increasingly mission minded and hopes to steer the church in a more mission directed path.

C. Project Goal and Objectives

Our objective is to create a centralized database that will eliminate random calls and generate accurate information.

D. Product Description

This database will ensure that all necessary information for missionary opportunities is entered into a computerized system. This will allow for easy access to the information and a centralized storage location.

STATEMENT OF WORK

III. Scope

A. Stakeholders

Bill Parr, Chairman of the Mission Committee
Sharon Ringer, Chairman of World Missions for the Women of the Church
Tim Erskine, Pastor
Pete Simpson, Secretary
The Board of Elders
Chairman of the Evangelism Committee
Congregation of Newberry ARP Church

B. Processes

There is no current system in place to house searchable information regarding current mission opportunities.

C. Locations

The new system will be used on one computer in the Secretary's office.

IV. Managerial Approach

A. Team-building Considerations

We have taken into consideration the special needs of this project and placed all well trained technicians on this team.

B. Manager and Experience

The project manager for this project is Fred Worthy. He has had over 20 years of experience and currently teaches at Charleston Southern University.

C. Meeting Schedules

Our team will be in contact with one another several times a week through Internet and telephone services, but we will have a scheduled formal meeting twice a week.

D. Reporting Methods and Frequency

STATEMENT OF WORK

As the team meets verbal reports will be given to Elder Ringer.

E. Scope Management Approach

After the scope has been outlined, changes will be made as necessary.

V. Constraints:

A. Start Date (Schedule)

The Mission Opportunity Information (MOI) Database will start on February 5, 2002.

B. Deadlines

The entire project must be completed in three months.

C. Technology Constraints

The new system must be able to configure with the current computer in place.

VI. Conditions of Satisfaction

A. Success Criteria

In order to have complete success of this project we need the total cooperation of all personnel. We hope to obtain all necessary information with their help.

B. Assumptions

We assume that we will have the cooperation of all parties involved in order to provide accurate information.

STATEMENT OF WORK

C. Risks

Risks are inherent with any project, but we do not perceive any significant difficulties.

VII. Authorization to proceed:

Note:

The signatures below certify that each agrees to the provisions of this SOW and attests to the completeness, feasibility, consistency and testability of the requirements.

Decision Log

- A meeting was held to discuss what type of database would be created and what it would contain.
- An additional meeting was held, as new knowledge became available, about additional information that needed to be contained in the database.
- A meeting was held to discuss which members would complete the e-r diagram, relational model, unnormalized, and normalized forms.
- A meeting was held at least once a week with a faculty advisor to discuss all aspects of the database.
- The name of the database was decided.
- The Board of Elders approved the database for use in the church therefore; it was decided to start implementation.
- After meeting with members of Newberry ARP it was decided that the project needed to be created in Access 97 because that was the version the church currently possessed.
- The decision was made to have the database open automatically rather than opening a folder.
- A meeting was held to start implementation of the project. The layout of each screen and form was considered and a final determination was made.
- The decision was made to eliminate several of the queries. The group felt that excessive queries would constrain search options.
- A meeting was held with Mr. Larry Smith to discuss the ability of Access to do dropdown boxes. The dropdown box option was eliminated after careful consideration.
- The members of Newberry ARP asked to have the ability to print all trips as well as individual trips when necessary. This option was added.
- The need for security prompted the addition of a password screen.
- It was later determined that VBA code would be used to make this screen run.

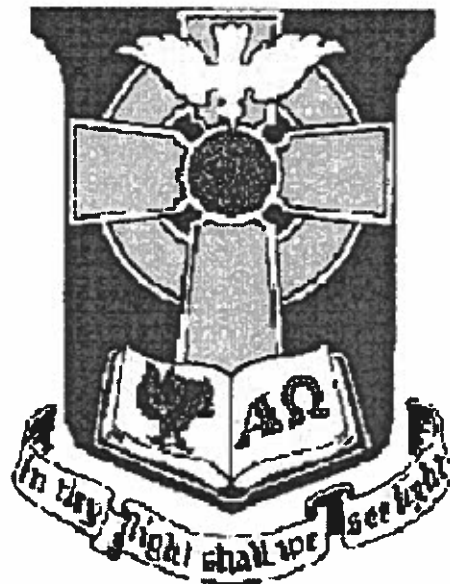

Program Screens

and Explanations

MISSIONS OPPORTUNITY INFORMATION

"Go therefore and make
disciples of all the nations,
baptizing them in the name of
the Father and the Son and the
Holy Spirit . . ."

- Matthew 28:19

Search the Database

Go!

Advanced Options

Password

Quit

This is the opening screen for the Missions Opportunity Information Database. This form allows the user to select one of two main functions on the screen.

- Search the database
- Add/Edit/Delete using the advanced options

When the user selects “Go”, it will bring up the screen to search the database. This screen allows the user to do either general or selective searches.

Authorized users can select “Password”. When the correct password is entered the user will have rights to view, add, edit, or delete information.

“Quit” will terminate the program and return to the desktop.

Missions Opportunity Database

Search the Database

General Search:

Search By:

View All Trips

Country

View All Organizations

Cost

View All Contacts

Organization

View/Print Reports

Close

This form is pulled up when the user selects “Go” from the opening screen. This screen consists of buttons that will allow different searches.

In the general search column the user can view all trips, organizations, or contacts. In a selective search the user can search for information by country, cost, or organization.

“View All Trips” will allow the user to view all trips posted in the database.

“View All Organizations” will allow the user to view all organizations posted in the database.

“View All Contacts” will allow the user to view all contacts posted in the database.

“Country” button allows the user to search for only trips in a certain country.

“Cost” button allows the user to search for only trips in a certain cost range (free, <1000, 1000-2000, 2000-3000, >3000).

“Organization” button allows the user to search for only trips sponsored by a certain organization.

“View/Print Reports” sends the user to the Reports Screen.

“Close” will close the active screen and return to the opening screen.

Missions Opportunity Database

View/Print Reports

Information for
Specific Trip

All Trips in the
Database

Close

The reports screen is pulled up when the user selects the “View/Print Reports” button. This screen consists of two buttons.

The first button marked “Information for Specific Trip” takes the user to the print preview screen to print a report for an individual trip.

The “All Trips In the Database” button takes the user to the print preview screen. Then the user can print all the trips in the database separated alphabetically by continent.

“Close” will close the print preview screen and return to the previous screen.

Contact	Store all contact information	Contact ID, Name, Phone, Email

Queries

Trip ID Search	Finds information about a single trip using the Trip ID as entered into the text box by the user. This query leads to the print preview of the Individual Trip Report.	SELECT [tbl Trip].[Trip ID], [tbl Trip].Continent, [tbl Trip].Country, [tbl Trip].[City/State/Province], [tbl Trip].[Start Date], [tbl Trip].[Finish Date], [tbl Trip].Cost, [tbl Trip].Age, [tbl Trip].Description, [tbl Trip].Organization FROM [tbl Trip] WHERE ((([tbl Trip].[Trip ID])=[Enter Trip ID:]]);
Cost Search	Finds information about all trips whose costs are within the set ranges the user can choose to enter into the text box. This query leads to the Cost Search Form.	SELECT [tbl Trip].[Trip ID], [tbl Trip].Continent, [tbl Trip].Country, [tbl Trip].[City/State/Province], [tbl Trip].[Start Date], [tbl Trip].[Finish Date], [tbl Trip].Cost, [tbl Trip].Age, [tbl Trip].Description, [tbl Trip].Organization FROM [tbl Trip]

		WHERE ((([tbl Trip].Cost)=[Free, <1000, 1000-2000, 2000-3000, >3000]));
Country Search	Finds information about all trips whose country matches the country entered into the text box by the user. This query leads to the Country Search Form.	SELECT [tbl Trip].[Trip ID], [tbl Trip].Continent, [tbl Trip].Country, [tbl Trip].[City/State/Province], [tbl Trip].[Start Date], [tbl Trip].[Finish Date], [tbl Trip].Cost, [tbl Trip].Age, [tbl Trip].Description, [tbl Trip].Organization FROM [tbl Trip] WHERE ((([tbl Trip].Country)=[Enter a country:]));
Organization	Finds information about all trips that are sponsored by a specific organization using the Organization ID as entered into the text box by the user. This query leads to the Organization Search screen.	SELECT [tbl Trip].[Trip ID], [tbl Trip].Continent, [tbl Trip].Country, [tbl Trip].[City/State/Province], [tbl Trip].[Start Date], [tbl Trip].[Finish Date], [tbl Trip].Cost, [tbl Trip].Age, [tbl Trip].Description, [tbl Trip].Organization FROM [tbl Trip] WHERE ((([tbl Trip].Organization)=[Enter Organization ID:]));
Delete Old Records	This query deletes records whose Finish Date are before the present date.	DELETE [tbl Trip].[Finish Date] FROM [tbl Trip] WHERE ((([tbl Trip].[Finish Date])<Now()));

Reports

Individual Trip Information	Lists all information about that single trip, the organization that sponsors it, and the contact person at that organization.
Complete Trips Information	Lists all trip information about all trips in the database, sorted ascending by Continent, then Country, then City/State/Province, then Trip ID.

Reports

Individual Trip Information

Trip ID	1001
Continent	Europe
Country	United Kingdom
City/State/Province	Wales
Start Date	7/23/2002
Finish Date	8/3/2002
Cost	1000-2000
Age	High-School Students
Description	Wales Summer Outreach will be held July 23 - August 3rd. VBS, teen evangelism and community impact ministry in the Rhondda-Cynon-Taf valley continue to result in many teens developing an interest in the Gospel. The cost is \$1450.00 and a training weekend at Bonclarken helps teams get ready for this mission. Churches and individuals are urged to contact the World Witness office as soon as possible for information.

Continent	Country	Area	Begin	End	Cost	Age	Description	Name	Trip ID
Asia	China	Variable	6/24/2002	8/17/2002	>3000	College Graduates	ELIC's China Summer Teaching Program will accept applications from adults with a B.A. or B.S. in any field. A limited number of qualified college students majoring in English or education can also apply, as well as mature adults with two years of college experience. In addition, applicants must fit the following criteria: ☐ Committed Christian ☐ Native English speaker ☐ In excellent physical health COST: ☐ Single - \$3,990 US ☐ \$4,990 CANADIAN ☐ Couple - \$7,630 US ☐ \$9,630 CANADIAN	ELIC	1003

<i>Continent</i>	<i>Country</i>	<i>Area</i>	<i>Begin</i>	<i>End</i>	<i>Cost</i>	<i>Age</i>	<i>Description</i>	<i>Name</i>	<i>Trip ID</i>
	China	Variable	6/28/2002	8/10/2002	2000-3000	College Students	What will I do? A group of twelve high school and middle school students await your arrival. They'll view you, in one sense, as a North American celebrity. And because of their enthusiasm to spend time learning about you, you'll be hard-pressed to find some downtime of your own. But that's ok, because the relationships you'll form and friendships you'll make are worth it. You'll find the teaching of conversational English both challenging and rewarding. The Camp China curriculum will provide the general structure for your classes that meet every weekday morning for about three hours. Your afternoons will be filled with an array of programs and activities outside of the classroom, from field trips to sports, to skits and presentations. You'll be encouraged as you observe progress in your students' English speaking abilities through such informal activities. Teaching experience is not a requirement to be a Camp China counselor. What you need most is a heart to serve ... and everything else will come naturally.	ELIC	1005

<i>Continent</i>	<i>Country</i>	<i>Area</i>	<i>Begin</i>	<i>End</i>	<i>Cost</i>	<i>Age</i>	<i>Description</i>	<i>Name</i>	<i>Trip ID</i>
	China	Variable	8/7/2002	7/1/2004	>3000	Graduate Students	Two-year Commitment ELIC requires a commitment of two years for China, however many teachers choose to extend their commitment for additional years of service. Exceptions to the two-year commitment are granted on a case-by-case basis where only one year of service is available. Bachelor's Degree ELIC requires a Bachelor of Science or Bachelor of Arts in any field of study. Committed Christian The University Teaching Program sends committed Christians. Native English Speaker In order to meet the requirements that China has for English teachers, we may only send teachers who speak English as their first language. Who Can Go? The program in China is open to singles, couples and families of all sizes. To bring non-teaching dependents, one of the teaching spouses traditionally has been expected to have a master's degree or significant teaching experience. ELIC has found exceptions to this rule, so please call us to discuss your individual situation.	ELIC	1006

	Mongolia	Variable	6/23/2002	8/13/2002	>3000	ge Students and Grad	ELIC's Mongolia Summer English Olympics will accept applications from current college students, graduates of all ages, or mature adults without a completed degree. In addition, applicants must fit the following criteria: ☐ Committed Christian ☐ Native English speaker ☐ In excellent physical health COST: ☐ Single - \$3,990 US ☐ \$4,990 CANADIAN ☐ Couple - \$7,630 US ☐ \$9,630 CANADIAN	ELIC	1004
	Russia	Moscow	6/16/2002	7/2/2002	0	College Students	Annual Russia English Camp Mission will be held June 16 through July 2. College students are especially urged to apply as this mission works with Russian students who take English in school and need conversational practice. Through the use of English and related activities in a camp-like setting, relationships are formed through which to share faith in Jesus Christ.	World Witness	1000
<i>Europe</i>	United Kingdom	London			0	Variable Ages	World Witness has an opportunity for a group of 8-15 to go to London and do children's clubs and outreach ministries in association with London City Mission. If you would like to get a group together for this purpose, please e-mail <mailto:johnnc@worldwitness.org> or call (864-233-5226) John Cook for more details.	World Witness	1002

	United Kingdom	Wales	7/23/2002	8/3/2002	1000-2000	High-School Students	Wales Summer Outreach will be held July 23 - August 3rd. VBS, teen evangelism and community impact ministry in the Rhondda-Cynon-Taf valley continue to result in many teens developing an interest in the Gospel. The cost is \$1450.00 and a training weekend at Bonclarken helps teams get ready for this mission. Churches and individuals are urged to contact the World Witness office as soon as possible for information.	World Witness	1001
